---

May 25, 2019

## To whom it may concern

### This is to certificate that

Alexander Ponomarev participated at the 14<sup>th</sup> Tihany Symposium on Radiation Chemistry, held in Siófok, Hungary between May 25 and May 30, 2019.

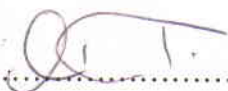

### He has given a lecture (invited lecture) with the title

Effect of boiling on the exchange and combination of radicals in the radiolysis of oxygen-containing liquids

### He has given a lecture (poster) with the title

Radiation-thermal approaches to the processing of complex polymer waste

### Conference Chairpersons:

Erzsébet Takács

Erzsébet Takács, PhD, DSc  
Radiation Chemistry Department,  
Centre for Energy Research, MTA  
E-mail:  
erzsebet.takacs@energia.mta.hu

László Wojnárovits

László Wojnárovits, PhD, DSc  
Radiation Chemistry Department,  
Centre for Energy Research, MTA  
E-mail:  
wojnarovits.laszlo@energia.mta.hu

Tünde Tóth

Tünde Tóth, PhD  
Head of  
Radiation Chemistry Department,  
Centre for Energy Research, MTA  
E-mail:  
toth.tunde@energia.mta.hu
